**Trial Objective**

- The MOVEMENT (Multi-Mechanistic Approach to the Treatment of Migraine) study evaluated the long-term efficacy and safety of AXS-07 in patients with episodic migraine.

**Efficacy Results**

- **Rapid and Substantial Relief of Migraine Pain**
  - Pain relief with AXS-07 was achieved in 35% of treated migraines at 1 hour, 40% through 24 hours, and 81% through 48 hours.

- **Freedom from Most Bothersome Migraine-associated Symptoms**
  - Over 45% of treated migraines achieved freedom from most bothersome migraine-related symptoms, including photophobia, phonophobia, or nausea within 2 hours after dosing.

**Safety and Tolerability**

- AXS-07 was well tolerated with long-term dosing in the study.
